

## RAZA – TINTO NAT

**Product:** Red Natural Wine

**Grape Variety:** Vinhão

**Vintage:** 2022

**Alcohol:** 12% vol.

**Total Acidity:** 8g (tartaric acid)/l)

**Residual Sugar:** <1,5 g/l

**pH:** 3,44

### WINEMAKING PROCESS

With this RAZA TINTO NAT, we return to an ancestral way of producing our wines. This is because we let nature dictates the fermentation with wild yeasts, but also because the vines that gave rise to this wine are descendants from the "seeds" left by one of our most nostalgic and old, now restructured, vineyard of Vinhão. The grapes are traditionally trod by foot in century old stone "lagares" (stone tanks), the wine is then decanted and bottled. Due to the minimum of human intervention, the wine may have sediment.

### TASTING NOTES

This wine is dark red, packed with black fruits flavours. The high acidity is the expression of the grape characteristics and of the terroir. Because of the low intervention, natural sediments may occur.

### FOOD PAIRINGS

Ideal with blue fishes and pork, especially in a outdoor barbecue celebrating pleasurable moments.

### RECOMMENDATIONS

Service temperature between 10° - 12°C.

**VINHO TINTO | RED WINE 2022**

Com este Vinho, voltamos a uma forma ancestral de produzir os vinhos na Raza, deixando as leveduras indígenas efetuarem a fermentação. As uvas foram colhidas manualmente para caixas pequenas e pisadas em lagares de pedra antigos. Este vinho não filtrado, com aromas a frutos silvestres, é produzido com uvas tintas tradicionais, chamadas de "tintas" pelos locais.

With this Wine, we go back to a more low-intervention way of making our wines at Raza, letting nature dictate with wild yeasts. The grapes were handpicked to small boxes and crushed by foot treading in old traditional "lagares" (stone tanks). This no-filtered wine packed with fruits aroma, is made with traditional red grapes, which locals call "tintas".
